

A Century of Progress with Pride

This is an update on the City's response to the winter storm from this past weekend.

Public Works crews are continuing to work on snow removal, and are still focusing on the main snow routes which have not been completely cleared due to parked vehicles blocking the direct path of the snow plows. ALL vehicles need to be removed from any of the designated SNOW ROUTES by 7:00 AM on Tuesday, February 3rd or may face ticketing and possible towing. The designated snow routes are **Roosevelt Rd, 16th Street, Cermak Road, 26th Street, Riverside Drive, 31st Street, 34th Street, Ogden Avenue, Pershing Avenue, Harlem Avenue, Oak Park Avenue, East Avenue and Ridgeland Avenue.**

Once the designated snow routes have been cleared, resources will then be directed to the remaining side streets. Clearing of these streets will be accomplished following normal street maintenance days. Once the snow routes and side streets have been cleared, resources will then be directed to the alleys.

By complying with the posted signs on your street, clean-up from this storm can be completed quicker for everyone in the City. We thank you for your cooperation.
