

Bicycle & Pedestrian Safety Tips

Bicycle Safety

Always Wear a Helmet That Fits Well

Follow the ABC's of Biking

- A** AIR IN TIRES 
- B** BRAKES WORKING 
- C** CHAIN WORKING 

Stay on the RIGHT-hand side of road.

- Ride with your hands on the handlebars & avoid using headphones that may prevent you from hearing car horns.
- Be AWARE of the road itself - be on the lookout for potholes, sticks & trash.
- OBEY traffic lights & signs & watch for cars coming out of driveways, alleys & parking lots.

Pedestrian Safety

Walk on Sidewalks Whenever Possible

- If there is no sidewalk, **walk facing oncoming traffic** as far from cars as possible.
- Cross streets at crosswalks or intersections. Look for cars in all directions, **including those turning left or right.**
- **Walk**, don't run, across the street.

It is recommended that children under 10 years of age NOT cross a street alone. Children under 10 should have a walking buddy who is older.
