From: Robert Schiller, Public Works Director

Addendum 1 for:

PROFESSIONAL CONSTRUCTION ENGINEERING SERVICES – PHASE III ENGINEERING FOR THE DEPOT DISTRICT UTILITIES AND STREETScape IMPROVEMENTS

Submitted Questions with Answers Posted 1-11-2021

Below are questions and answers on the abovementioned services. The City's responses are in blue.

1. How do we attend the pre-bid meeting? How do we receive a printed copy of the plans and specifications?
Please contact Terra Engineering for plans, specs and pre-bid meeting information. The electronic version of bidding forms and documents will be available at the office of Terra Engineering, 225 W. Ohio Street, 4th Floor, Chicago, IL 60654 (312-467-0123) beginning December 28, 2020 upon payment of the sum of Fifty Dollars (\$50.00) which is non-refundable. Electronic payment and disbursement of documents can be coordinated by calling Terra Engineering directly.

The recording of the pre-bid meeting will also be provided at a later date.
2. Can you provide a copy of the specifications?
The plans and specifications are posted per the link provided in the RFQ, and should be monitored for updates.
3. Can you provide estimated budget amounts for the construction of the water main and streetscape projects?
The plans, specifications and budget are posted per the link provided in the RFQ, and should be monitored for updates.
4. Do the budgets for the project listed in the RFQ include engineering costs? Do you have preliminary budgets for construction only?
Budgets provided include engineering. For the Streetscape the budget is \$17,000,000 for just construction. The budgets for sewer and water, were based on communication with the IEPA and were passed per ordinance. Engineering costs are included in these numbers.
5. Will federal dollars be used to pay for engineering?
Yes.
