Grass Cutting, Leaf and Snow Removal

Through Berwyn's Senior Outreach Program, we can assist you with grass cutting, leaf and snow removal. These programs have been created to help our elderly or disabled citizens for whom some tasks have become too challenging.

The grass cutting/leaf removal program begins approximately May 1st and concludes approximately November 30th. The parkway, front and back lawns are cut every two (2) weeks when necessary. **Grass cutting does not include edging, trimming or weeding.** In the fall, leaf removal consists of running the lawn mower over the front and back yards to pick up the leaves. The individual will bag your leaves if bags are provided or put them in a container if a container is provided. If no bags or containers are left the leaves will be mulched and left in the grass. There is a \$5.00 charge per service call and you will receive an invoice for these services thru the mail.

Snow removal begins November 1st and concludes April 1st when the snow fall is 2" or more in Berwyn. Snow is removed from the catwalk, front walk and steps and will begin after the end of the snowfall.

You qualify, if you are a homeowner 65 years of age or disabled, with no able-bodied person under age 65 in residences and meet the annual income guidelines. This program is limited to single family homes and 2 flats only. **Any property in excess of the standard lot of 30' x 125' will have to pay the proportional difference in cost. This cost is \$10.00 per cutting.**

Homeowners must complete an application and be approved before becoming a part of the program.

For further information or an application, contact Senior Service Department – Maria at 484-2510.
